ACADEMIC WORK

As a trainee I completed postgraduate course during years 1996-1998 at the University Clinics of the University U.L.B (A.Z.-V.U.B.,ERASME) and CATHOLIQUE DE LOUVAIN in Brussels in Belgium, with the study subject of Functional Endoscopic Nasal and Paranasal Sinuses Surgery. Completed postgraduate course with the subject of Oto- Surgery at the Institut “GEORGES PORTMAN”, in Bordeaux, France.

As a teacher I have taught at the Special Education Seminar in O.R.L., in Ghent, Belgium.

For eight consecutive years I teach Anatomy at the Department of Physical Education of the Aristotelian University of Thessaloniki, being charged with the teaching duties according to the Presidential Order 407/80. Within the above duties I have taken part in the teaching of two Postgraduate programs.

I have taught Anatomy at the School of Health and Social Welfare of Superior Technological Institute of Thessaloniki.

Today I am assuming the position of the Member of the Teaching and Scientific Staff of the Aristotelian University of Thessaloniki with the degree of **Assistant Professor**, teaching the class of **Anatomy** and **Functional Anatomy**.

PUBLISHING WORK

Alone or in collaboration with Colleagues I published (123) Scientific Articles in various Greek and foreign Medical Symposiums. Of them (61) were published in renowned Greek and (62) in renowned International Medical Journals.

I also participated in the writing, edition or translation of (11) Medical Books of Anatomy and Otorhinolaryngology.

FOREIGN LANGUAGES

I have fluency in French spoken and written and good knowledge of the English.
